Writing Center

The Writing Center offers one-on-one help with any stage of a writing project—planning, drafting, and revising—for a class at any level. All writers can benefit from discussing their work with others and getting feedback! We encourage you to retain ownership of your writing by helping you to help yourself. To make the best use of your time there, please bring a copy of your assignment with you. While we don't "fix" or proofread papers, we will teach you to edit and proofread your own work more effectively. Please attend our writing workshops available throughout the semester.
